Piatti's re-opened in November after an extensive remodel

## NEW DIGS IN TOWN

New dining destinations from Sausalito to Greenbrae

BY SOMER FLAHERTY

AFTER SIX MONTHS of extensive remodeling **Piatti Ristorante and Bar** unveiled their much anticipated new look. Along with a refreshed décor, which includes a new patio for alfresco dining with views of the bay—Piatti has recently formed partnerships with Marin Organics and M.A.L.T. to support local sustainable agriculture. Former Poggio chef Chris Fernandez has also come onboard to lead the kitchen and reflect the new partnerships with regular menu changes coinciding with seasonal food from local producers. Architect Chris von Eckartsberg's modern design includes recycled teak furniture from Marin's Wooden Duck, a new community table, poured concrete floors and views of Mt. Tamalpais. 625 Redwood Hwy (Mill Valley). 415.380.2525, [piatti.com](http://piatti.com)
